

Make a perfect entrance

The Dales Collection Composite Doors

Front cover picture Anthracite Grey/white Bradbourne style door with lattice glass and satin silver furniture

Enhance
your home...

Welcome to

The Dales Collection

The new and improved Dales Collection of composite doors brings individual style and innovative materials direct to your doorstep.

Behind that classic appearance, you'll find the most advanced engineering, design and technology coming together to bring exceptional beauty and performance to your home. Combining the highest levels of security and thermal efficiency with low maintenance, our composite door range offers outstanding flexibility too.

With even more door styles and colours and a wider range of glazing options to choose from, you can create a look that is perfect for your home. From the contemporary chic of the Wirksworth to the Chatsworth with its traditional Edwardian look or the quaint cottage style of the Middleton, there's sure to be a style to suit you and your home.

Discover more choice

Now, a wider choice of 15 different styles enables you to create a door that is personal to you and your home. From classic to contemporary, understated to bold, our large range gives you the freedom to choose a style that is just right for you.

The Hathersage

The Bradbourne

The Cromford

transform your home...

In fact, the right door transforms a house and provides the finishing touch to your home. So use your door to reflect the style you want, and then every time you open it you'll feel proud that you created an exceptional door for your home.

The Thorpe

The Brassington

The Chatsworth

The Hartington

Raise your standards

We've gone to great lengths to ensure that every aspect of your door is manufactured and presented to the highest standards. We understand the importance of a stylish entrance and appreciate the difference it can make to a home.

The Wirksworth

The Elton

The Winster

The Middleton

the finishing touch

Every detail of your door has to look superb and perform impeccably. So when you choose your door from The Dales Collection, you can rest assured that every component, detail and finish is designed to last.

The Bretton

The Chelmorton

The Litton

The Newhaven

Add a splash of colour

From vibrant red to tranquil green to subtle grey, the colour of your door makes a statement about you and your home. The Dales Collection now gives you a choice of 15 distinctive exterior colours for

a highly personal finish. All of our doors are white on the inside as standard, with colour both sides available as an option.

Door colours

Heritage colours*

*made to order

Frame & furniture colours

Frame colours

Furniture colours

Colour both sides is available on a made to order basis.

Door colours are a guide and are only as accurate as the printing process allows. Coloured doors have white interiors as standard. Rosewood and light oak are available both sides. The wood effect finishes on the door and outer frame differ slightly due to the nature of different materials involved.

Classic appearance

with everlasting strength

Your front door needs to look its best in the thick of everyday action. That's why every single one of our expanded range is designed to stand up to the hardest knocks, the toughest treatment and the harshest weather. A strong 4mm glass reinforced plastic (GRP) outer skin with a rigid foam in-fill panel means that your door is virtually draught-free and soundproof, giving you higher levels of comfort and energy efficiency. In fact, the heat insulation factor of our doors is up to six times higher than a traditional timber door. The Dales Collection has a realistic woodgrain finish in a wide range of distinctive colours with a good choice of handles, letterboxes and door knockers for you to create your own style. In addition, the latest 5-hook locking system makes it much harder for intruders to break in, helping keep your home secure. What's more, our doors have been approved by the Association of Chief Police Officers through the Secured by Design scheme*.

It's not often that such a high quality product requires so little maintenance. Yet these stunning doors need only occasional cleaning to keep their eye-catching good looks. With The Dales Collection, you can be sure that no matter what your door goes through, its beauty will never fade.

*Subject to specification. See page 16

Energy efficient

and sustainable too!

The Dales Collection of composite doors offers exceptional energy efficiency, offering a minimum 'B'-rated DER (Door Energy Rating) as standard, thanks to a rigid foam insulation core and a solid 4mm GRP outer layer. Our doors will retain up to six times the heat of a timber door – keeping you warm all year round and helping keep your energy bills down.

What's more, our door frames feature thermal inserts made from 100% recycled PVC-U for enhanced sustainability and thermal efficiency.

A-rated performance

If you're looking for the ultimate specification, you'll be pleased to hear we can now offer an 'A'-rated option providing even higher thermal efficiency – ask us in branch for more details.

**PVC-U edge-banding
maximises energy efficiency**
(furniture shown in Satin Silver)

Strength, security and style

with low-maintenance performance

The new Dales Collection combines strength, security and style in a door that requires virtually no maintenance*. How do we do it? It's the composite construction of the door which combines different materials for extra strength, to keep your home warm and secure all year round.

On the outside, a robust glass reinforced 4mm plastic (GRP) skin with a realistic woodgrain finish provides the tough face that your door presents to the world. This exterior skin is much less prone to scratching and denting than steel-faced doors, and will never need painting or varnishing unlike a timber door.

So whether you're wheeling in a pram, carrying in a sofa or rushing in from work, your door will resist the wear and tear of everyday life. GRP is also totally weatherproof, so rain, snow or hailstones will have no effect on your door's outstanding, all-year-round performance.

* See the Eurocell Care and Maintenance Guide (ask your installer for more details).

- A** Insulated rigid foam infill panel – for enhanced thermal efficiency and sound-proofing
- B** Triple-seal frame ensures the doors remain watertight in even the harshest weather conditions
- C** Tough 4mm GRP outerskin with woodgrain effect finish, available in 15 colours
- D** Optional aluminium low-threshold available – ideal for pushchairs and wheelchair access
- E** 100% recycled PVC-U Thermal Inserts in the frame provide ultimate thermal efficiency and enhanced sustainability
(shown in green for illustration purposes only)

Individual style

with maximum security

NEW slimline door knockers,
available in all finishes

Something to turn your head

You have a choice of Gold, Chrome, Satin Silver, Satin Black and White handles, letterboxes and door knockers** – all made from stainless steel*. So not only do they match perfectly, but you enjoy long lasting durability and trouble-free performance for up to 25 years, so your door's good looks won't fade over time. Doors can also be fitted with a spyhole built into the knocker if required, so you have the peace of mind of seeing who your visitors are before opening your door.

Our high quality stainless steel handles are available as conventional lever handles or as lever split handles – all covered by our comprehensive 25-year hardware guarantee. House numbers are also available in either polished Chrome, Gold, Satin Silver, White and Satin Black so visitors and the postman can find the right house!

Lever handles available in all finishes

Door knob available in Gold, Chrome and Satin Silver

NEW cylinder pull handles, available in Gold, Chrome and Satin Silver

NEW long & short bar handles, available in Satin Silver

Keep intruders at bay

The door to your home has an important job to do, protecting you, your family and your possessions from intruders and damage. It's one thing to look good on the outside, but when push comes to shove, can your door withstand the pressure? With The Dales Collection, you don't have to worry. All of our doors feature the very latest 5-hook locking technology which gives your home complete security. We use the latest anti-bump and anti-snap cylinder lock with cylinder guard to make your door far more secure than most other doors available today. If someone tries to break in, PVC-U edge banding to both sides of the door helps protect against damage. Plus, for even greater peace of mind, all of our doors and locks have been through rigorous tests and simulated break-in attempts.

**Stay
warm**
and toasty on
cold nights

Triple-sealed against the elements

The intelligent design of our composite doors and their flush fitting frame feature a high-tech triple weather seal. This includes one external gasket plus two wool pile barriers, keeping draughts and the elements safely outside and you warm and cosy inside.

Fully accredited

The Dales Collection of composite doors have earned the approval of the Association of Chief Police Officers' Secured by Design* scheme and the police preferred specifications, and PAS24 in 2016. Giving you the confidence that your new door and your home are as safe as houses.

Money-back guarantee

What's more, we're so sure of our ultra-secure multi-point locking mechanism, we offer a £1,000 money-back guarantee in the unlikely event of a break in, where the lock is the point of entry**. How's that for peace-of-mind?

* Subject to the door having a chain, spyhole, letterbox restrictor and laminate glass. Secured by Design requirement must be stated at point of order. Excludes doors with thumbturn lock

** Guarantee subject to terms and conditions. Guarantee excludes cylinder. Details on request.

A perfect match

All Dales Collection doors feature a weather bar as standard. Choose from Chrome, Gold, Frost White, Berry Red, Derwent Blue, Gothic Black and Heritage green.

* Not available on made-to-order colour range

Q is for quality

in every single detail of your door

Designed as a complete solution that includes the door, frame and fan light where applicable, you can be confident of built-in quality throughout. A dedicated transom bar means the door frame can be made in one piece, making your door strong and secure with impeccable good looks.

The exceptional workmanship that goes into The Dales Collection during our painstaking manufacturing process means there will be no problems after installation, leaving you free to enjoy your door and your home.

Document Q compliant

Dales Collection doors have BM TRADA Q-Mark certification and conform to the new approved Document Q regulation. As Document Q means higher security, you can be content in the knowledge that each element of your door has been built to safer and more secure high quality standards*.

10-year guarantee

A full ten-year guarantee gives you real peace of mind, particularly when it covers hardware and the surface finish, which will retain its original looks for up to 25 years. This highlights the depth of quality we build into our product specification – you won't find a more comprehensive guarantee.

*Excludes doors with toplights, thumbturn lock, unglazed and triple glazed doors

Low-threshold for easier access

The Dales Collection of composite doors has been designed with a low threshold option, available in Silver or Gold, to complement the rest of your door furniture. This removes the raised threshold along the bottom of the door, giving you easier access to your home. In addition, the foot of the door frame is end-milled to the threshold, for strength and a superior finish. We can also offer thresholds to meet Part M of the Building Regulations which are perfect for people with pushchairs and for wheelchair users.

Through the looking glass

Triple-glazed unit

Gold or Silver lead art, 5mm thick glass bevels and Obscurity glass.

Beauty that shines through

You can choose from bold half-glazing, through to contemporary arches and traditional glazing infused with decorative picture art. From traditional designs to abstract geometric shapes and colourful glass options, we're sure to have a design for you. Our wide range of glazing options enables you to add the finishing touch to your door and complement your home. All of our glass designs are made using the highest quality materials, so glass colours will remain bright and vibrant for years to come. Manufactured using traditional techniques and finished by hand, our glass options offer the best possible finish.

Triple-glazed options

We offer an extensive range of triple-glazed glass in many stunning designs including some Gold and Silver lead options. Constructed using hand-cut bevels and textured glass pieces, triple-glazed units are beautiful additions to any door design. What's more, they offer excellent thermal and sound insulation properties, as well as providing extra security thanks to the additional strength.

Creating privacy

Many of our glass designs can be specified with different backing glasses as well as clear, offering varying levels of obscurity. Choosing the right backing glass can help increase the level of privacy your door offers, as well as match glass elsewhere in your property.
